

PHOTOGRAPHY, VIDEO AND CCTV POLICY

At Scramble, we love to show off the achievements of our Members and what a fantastic inclusive environment we have. As part of this, we use an in-house photographer and videographer who is DBS cleared and bound by Scramble's safeguarding rules. Any photos or video footage, including CCTV recordings, are stored securely using encrypted cloud storage and are only accessible to DBS certified staff.

If you do not wish for you or your child to be photographed or recorded, you can make this known at any point during your Membership. You can also withdraw consent at any time by informing our Safeguarding Officer, Fred Greenall.

- We will not use children's full names in publicly displayed photograph captions without express consent. This will also apply to other potentially identifying data such as school.
- By default, as a Member* of the gym you consent to you or your child/ward being occasionally photographed or videoed during a training session or social/competitive outings by one of our DBS certified staff. Furthermore, you consent to photographs/videos/materials/likenesses being used by the Academy in promotional materials and social media posts.
- If you do not wish to have yourself or your child/ward photographed during a training session or social/competitive outing then it is up to you to make this known, and we will strive to avoid catching you/them on photo or video.
- If you do not wish to have you or your child/ward's likeness used for social media, promotional, or other purposes by the Academy then it is up to you to make this known and we will avoid posting said likeness to social media, using it for advertisement or any other use you may object to.
- If any images of you or your child/ward are used on social media by Scramble Academy or for advertising and promotional purpose, if you request it then we will remove or stop using said images.
- Pictures taken are available via email if requested.

*Member includes anyone paying a monthly Membership or "drop-ins" for themselves or their child/ward, as well as said child/ward. Document last updated on 25/04/2025
